CAREER GUIDANCE

We follow the maxim 'Catch them young and watch them grow'. In a holistic approach, we work with children, young, Teachers and Parents. Our programs are designed to empower each of these stakeholders.

1. **Students:** Career Awareness seminars are conducted in schools and colleges to enable students to make a conscious and informed choice of career that is best suited to their talent and aptitude.
2. **Teachers:** Programs are conducted for teachers to sensitise them towards realising their critical role in helping their students build appropriate skills.
3. **Parents:** Sensitisation programs are conducted for parents to be effective guides and mentors for their children in setting goals for their future.

CAREER COUNSELING

Individuals who are at the crossroads of selecting a suitable career path are given counseling at the DHISHA office. This is based on their aptitude and skill assessment.
